

The **901L** is the modern **Altus®** modular digital display for test lanes. Multiple configurations of floor units, peripherals and accessories can be connected to create a test lane for passenger cars and light commercial vehicles exactly adapted to the needs and possibilities in your workshop. The 901L is designed in such a way that all electronics are inside the read-out unit. Therefore, no separate relay boxes necessary!

Combo®

(Standard for 4x4 testing)

901L standard features

- ▲ Brake difference indication left/right per axle.
- ▲ Digital sideslip- and suspension results for front- and rear axle.
- ▲ Memory for storage of test results for service- and parking brake.
- ▲ Wheel lock indication lamps for left and right.
- ▲ Brake efficiency calculation for service- and parking brake after manual weight input, or automatic weighing with a suspension analyser or weighing system.
- ▲ Recalling off all values and brake efficiencies.
- ▲ Ovality & rolling resistance measurement.
- ▲ Fully automatic test program.

Sideslip Meter

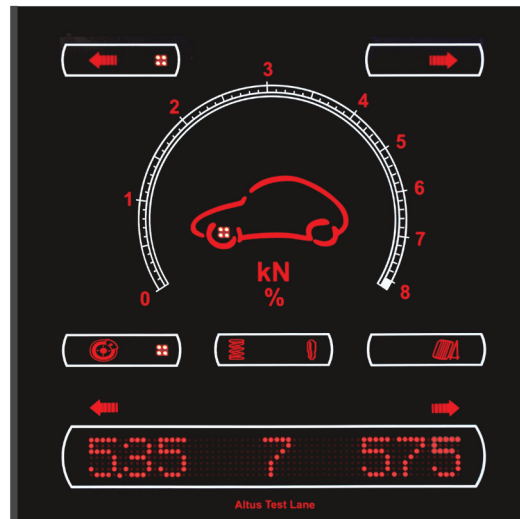

Roller Brake Tester

(Standard for 4x4 testing)

901L

Display dimensions: 67 x 67 x 16 cm (W x H x D)

Standard supplied

- ▲ Infra-red remote control hand set.
- ▲ 4x4 reversible roller kit.
- ▲ Wall bracket.

Digital display

Contains a large digital dual LED brake force scale for the left and right wheel. The outer LED's represent left and are displayed in **RED**. The inner LED's represent right and are displayed in **GREEN**.

Digital display

Contains a large digital LED display for a clear presentation of all numerical values for sideslip, suspension, brake forces, differences left/right and brake efficiencies.

Also available: Network printing

The display is connected into the LAN. Print automatically via the LaneComm software after a test to any available network printer. Just press PRINT on the test lane remote control and the print is available at a remote PC and printer in for example the reception.

Suspension Analyser

Display options

- ▲ Network printing
- ▲ Pivoting wall bracket
- ▲ Pedestal
- ▲ Printer drawer
- ▲ Printer
